

## Prophetic Hubs What is God Saying Today?

The tribe of Issachar understood the times and knew what Israel should do

**A Special Message from Dr Peter Carruthers,  
our Prophetic Hub Coordinator**

**August 2015**

*You will, I am sure, be aware that many feel a sense of urgency regarding our present times, with several leaders and ministries believing that this September will mark the beginning of a new phase of momentous, maybe climactic, events in nation and world. Whatever does or does not take place in September 2015, there is no doubt that the great 'shaking of the nations' is intensifying. Yet, with the shaking comes also a harvest, as the 'gospel of the kingdom is preached in all the world'.*

*In such a situation, the imperative for God's people to 'understand the times and know what to do' is even more urgent. For this reason, Clifford Hill, myself, and others from Issachar Ministries are making ourselves available during September to help lead and facilitate some day, half-day or evening prophetic-prayer gatherings at locations across the country.*

*It is short notice, I know, for you and for us. But if you feel prompted to gather people in your area or region to seek the Lord and to pray for church, nation and world at this critical time, then please contact me. You may simply wish to tell us you are doing so, or ask the IM office to publicise your meeting via our mailing list. Or you may wish to invite us to come and help lead the event. You might also consider using such a gathering to inaugurate a 'prophetic hub'. Whatever the case, please get in touch. We cannot, of course, promise to be everywhere, but we trust that the Lord will determine 'who, where and when', in line with His purposes and plans. I look forward to hearing from you.*

*Peter.*
