

Prophetic Workshop

What is God Saying Today?

High Leigh 13 – 15 October 2014

The tribe of Issachar understood the times and knew what Israel should do

SUMMARY STATEMENT FROM THE WORKSHOP

We believe that the message of the 1986 Gathering on Mount Carmel and in Jerusalem is being fulfilled. God is shaking the nations according to the prophecy of Haggai repeated in the book of Hebrews to bring about His plan for His Kingdom. We must accept what God is doing and not pray for God to stop the shaking or we will put ourselves against God. We see this as a Wake-Up call to the church – the Body of Messiah!

We must pray that God will make the shaking effective: that He will fulfil his purposes.

We experienced the Heart of our Heavenly Father weeping over our nation which should lead us to repentance. We declare our confidence in His outworking of His purposes in all purity and righteousness. He is shaking all the nations to warn His people of imminent catastrophe and Ezekiel 33 requires us to warn others. In Britain the shaking is the result of both Church and nation turning away from the Word of God. We see this as the Sword of the Lord coming upon the nations bringing war and terrorism, natural disasters such as extreme weather, and plague such as Ebola. Each of these contributes to the forth-coming collapse of the global economy.

This reinforces both an obligation and an opportunity for Christians joyfully to fulfil the Great Commission.

Those at the workshop in October 2014 agreed the above statement which is now being circulated far and wide but please let the office (details below) know to whom and how many.

Further information on ways of outworking this statement are welcome. A number of strategies to be employed are being agreed and will be circulated to those on the mailing list of Issachar Ministries – details below.
